

LENNOX

ROMIL PrimAg[®] Reference Materials traceable to SI Units via ultrapure primary reference silver

"ROMIL were the first worldwide commercial manufacturer of metal solution and pure substance certified reference materials to be accredited to ISO 17025 as a calibration laboratory. This award gives ROMIL the authority to certify reference materials and to market ROMIL PrimAg[®] CRMs bearing the United Kingdom Accreditation Service (UKAS) logo signifying ROMIL's status as a calibration laboratory".

Prepared from pure metals, salts, and ROMIL-SpA[™] super purity acids, the mono-component element reference solutions may be utilised in all types of atomic spectroscopy from AA through to ICP-MS.

Full range of both mono & multi element reference solutions available

Prices start at €52.00 per 500ml

Customised reference solutions available on request
